Welcome

Welcome to our Newsletter for the months of July & August 2022.

It's membership renewal time. Thank you to everyone that has already renewed, we appreciate it. Once you have paid, we will add you to the member's jackpot draw.

These past two months saw our Members Appreciation Program with the 2nd Members Race Name Draw, on the 4th of July where 9 of our members enjoyed a race named after them. Congratulations to those involved. We also had the Alabar 3yr Daintys Daughter Classic on the 11th July, which was won by IN THE SPOTLIGHT NZ and the Bill Harris Memorial Trot Pace held on the 8th August and won by STAY FOCUSED.

This month we have been showcasing our Stallions for the PHRC Stallion Tender which closed on the 31st of August. We have had a great response and enjoyed having some of the Stud Farms join us on track to discuss all your breeding needs. A highlight was having the magnificent FLY LIKE AN EAGLE from Allwood Stud Farm on track.

Around the Grounds

The club is now testing the track for firmness on a regular basis using a Klegg Hammer kindly provided by RWWA. This is a new innovation for harness racing tracks but will assist the track curator and team prepare the track on a daily basis.

Watch this space. We have been working on this area in getting it clean up and levelled out and then beautiful grass will be installed within the next few weeks. This will improve the look of the entrance and improve our grounds. We still have the top gardens to do in the future.

·Parade Ring Chute. It is intended the chute will replace the existing entry and exit to the racetrack, improving safety and providing the opportunity for patrons on course to be closer to the horses as they enter and exit the track. This project is planned to be completed before the end of November.
