

# Mandurah Flooring Centre

Formerly Country Rugs Flooring Centre!

Family owned and operated, Ewen & Donna Fellows and their family have been serving the Peel region for over 20 years in all things flooring.

Starting at 15, owner Ewen joined his Dad in the flooring business and has currently has over 40 years experience in laying and running a flooring business. Donna joined Ewen in the business once they were married, and has helped grow and establish it as one of the best flooring centres in Mandurah and surrounds.

In the shop, you'll find Donna and Ewen along with their daughter Ternika and their son, Matt, working as a contractor for the business. You may also see Emily from time to time working on their website and other tech-based needs.

Updating your home or business flooring is a big deal- the choices, costs, and inconvenience of renovations can be huge stressors. Their aim is to make the process simple: a wide variety of flooring options at fantastic prices, no hidden fees or charges, and great customer service.

Unlike other flooring centres, where their sales people have no installation experience, Ewen is in the shop with 40 years experience to provide thorough, accurate, and straight forward advice.

Call them today on 9583 3100 or come in store to see their full range of products and talk with their very experienced staff.
