

BWC Civil & Earthmoving Mandurah

BWC Civil and Earthmoving is a trusted and respected provider of civil contracting and earthmoving services in Western Australia.

BWC Civil was established in early 2000 and has since completed a vast range of contracts to the highest standard, both in a collaborative capacity and as head contractor.

Director & Operations Manager Brad Walton personally oversees the planning and delivery of every project they undertake. Brad's exacting standards have built a strong reputation in the civil contracting space.

With decades of experience in the industry, Brad's expertise enables BWC to find flexible and cost-effective solutions to suit most challenges onsite.

BWC Civil recent projects have focused on residential subdivisions and developments reflecting the quality outcomes we deliver together with the high level at which BWC Civil collaborates with our development partners.

BWC Civil is fully insured, with comprehensively trained and licensed staff. They continually invest in the training and development of their team. This ongoing commitment not only enhances the value they can offer to their clients, but also supports their culture of excellence.
