

Policy Number H001 HOUSE POLICY

The Management and staff of Pinjarra Paceway will operate this facility to ensure that our patrons' experiences are both satisfying and memorable. Our patrons and neighbours will be treated with sincerity and respect and our patrons will be served in a responsible, friendly and professional manner.

To this end, liquor is only to be consumed in a responsible manner so that harm or ill health to both patrons and those who come into contact with them is minimised, and excessive consumption of liquor will be actively discouraged. Staff will not serve liquor to any person who is obviously intoxicated (i.e. visibly affected by liquor, slurring of speech, uncertain gait, etc) or who breaches the Club's Code of Conduct. Non alcoholic beverages are available to patrons and free drinking water is available at all times.

The Club will not serve alcohol to any person under 18 years of age; if appropriate photo identification cannot be provided by an individual, liquor will not be supplied to that person. A person of legal age cannot supply alcohol to a minor.

A working telephone will always be available for Club staff to assist a patron to arrange transport.

A reasonable standard of dress is requested of patrons and maintained among Club staff at all times. All activities on the premises will be of a tasteful nature and will at all times uphold a safe, inclusive and happy environment.
